SURFACE CODE : 111138722502016

Product Name	Product Category	Surface Finish	Edge Type	Application Areas	No. of Faces
Sandstone	Porcelain Tiles	Matt	Rectified	Outdoor	16

In outdoor applications, Sandstone works as a spatial stabilizer, absorbing visual noise and allowing the surrounding elements to define the atmosphere, while its matte texture maintains clarity and control, resulting in a setting that feels composed, grounded, and intentionally restrained.

في الإستخدامات الخارجية، يظهر بورسلان ساندستون كعنصر يهذي المشهد العام، يمتص التشويش البصري ويخلي باقي التفاصيل هي التي تعطي الطابع للمكان، بينما يحافظ السطح المظفي على وضوحه وثباته، لينتج تصميم مرتب، هادي، ومقصود في بساطته.

Cement Look Light is shaped through a layered surface expression, where soft trowel-like movements and faint tonal overlaps create a finish that feels built rather than applied, giving the tile a raw architectural identity that reflects the language of cast concrete and hand-finished plaster.

Product Name	Product Category	Surface Finish	Edge Type	Application Areas	No. of Faces
Cement Look Light	Porcelain Tiles	Matt	Rectified	Outdoor	16

In outdoor layouts, Cement Look Light doesn't behave like a finish—it acts as a spatial extension, where boundaries visually dissolve and the flooring becomes part of a broader landscape, enabling a seamless transition between built elements and open surroundings.

لا يتعامل بورسلان سيمينت لوك لايت في المساحات الخارجية، كتشطيب تقليدي، بل كإمتداد للمكان نفسه، تختفي معه حدود الأرضية بصرياً وتندمج مع الفراغ المحيط، ليخلق إنتقال سلس بين العناصر المعمارية والمساحات المفتوحة.

Cement Look introduces a restrained composition where fine mineral grains and faint linear traces settle into a quiet, tactile surface, giving the material a sense of authenticity that feels grounded, deliberate, and subtly expressive without relying on contrast.
